

azuma

the zen and the art of concrete

Azuma è la materializzazione di una nuova filosofia di design che si ispira al modo del tutto particolare di concepire i luoghi dell'abitare, e la stessa idea di spazialità, in Giappone.

A partire dalla suggestione materica, Imola rimanda all'uso che alcune correnti architettoniche del paese hanno fatto del cemento per proporre soluzioni radicalmente innovative e al tempo stesso pienamente calate in una tradizione millenaria.

Tutto ciò si incarna in un prodotto ceramico che rappresenta la sintesi armonica tra rigore industriale e cura del dettaglio artigianale, corporeità e leggerezza, ricerca della funzionalità e aspirazione estetica. Essenzialità e Bellezza.

5 colori, svariati formati e superfici e una gamma di decori ricavati da alcuni archetipi visivi dell'architettura giapponese.

Azuma mette al centro il rapporto tra uomo e spazio circostante e trova in una elegante spiritualità progettuale la chiave per soddisfarlo pienamente.

Azuma is the embodiment of a new design philosophy inspired by Japan and its unique concept of space and residential design.

Based on the complex material character of concrete, Imola offers solutions that are radically innovative while also being steeped in traditions stretching back thousands of years.

All this is expressed in a ceramic product that represents a harmonious synthesis of industrial precision and craftsman-like care, solidity and lightness, carefully researched functionality and aesthetic inspiration.

Gracefully minimalist 5 colours, various formats and surfaces, and a range of decorations taken from archetypal Japanese architecture.

Thanks to its vision of elegant compositional spirituality as the key to true satisfaction, Azuma puts our relationship with the space around us at the centre of everything.

A 3x3 grid of nine square tiles, each showing a different pattern or texture in shades of brown and beige. The tiles are arranged in three rows and three columns. The patterns include solid colors, marbled effects, and textures resembling stone or wood grain. The colors range from light beige to dark brown.
