# KITCHEN & FOOD SERVICE SOLUTIONS: HANDHELD FOAM & SPRAY

The **ProFoam** and **ProSpray** hose-end dispensers are engineered for durability and user-friendliness. These cost-effective, robust solutions are designed for applying a variety of common cleaning chemicals across multiple uses. Both dispensers come with a sturdy 48-ounce bottle, featuring a wide-mouth opening for easy refilling and extended use. The quick-connect fittings facilitate rapid detachment and simple rinsing, making them extremely user-friendly. The ProFoam dispenser blends air, chemical, and water to produce an ideal foam consistency, while the ProSpray offers a specialized spray tip for an efficient fan spray pattern. Additionally, both models are equipped with DEMA's precision metering tips and dilution chart (found in the instruction sheet), allowing users to adjust the dilution rate to their specific needs.
