

DH-IPC-PFW8601-A180

3x2MP Multi-Lens Panoramic Network IR Bullet Camera

System Overview

The multi-Lens camera provides added flexibility for capturing wide area video surveillance.With three 2MP sensors working in tandem to create a comprehensive 180-degree overview,the camera can replace multiple single-sensor cameras providing a higher return on investment. With the field of view being divided across the three sensors, adjustments can be made to each sensor for contrast and brightness, resulting in a crystal-clear panorama.

Functions

True Day/Night

A day/night mechanical IR cut filter makes this camera ideal for applications with fluctuating lighting conditions, delivering color images during the day and automatically switching to monochrome as the scene darkens.

Starlight Technology

Featured with Dahua Starlight Technology, the camera is ideal for applications with challenging light conditions. Its low light performance delivers usable video with minimal ambient light. Even in extreme low light conditions, Starlight Technology is capable of delivering color images in nearly complete darkness.

Wide Dynamic Range

Embeded with industry leading wide dynamic range (WDR) technology, vivid picutures are achieved even in the most intense contrast lighting conditions. For applications with both bright and low lighting conditions that change quickly, True WDR (120dB) optimizes both the bright and dark areas of a scene at the same time to provide usable video.

Intelligent Video System (IVS)

Dahua camera is equipped with a built-in intelligent analytic algorithm based on video, which can realize intelligent functions like Tripwire, Intrusion, Abandoned, Missing and so on, to quickly and accurately respond to monitoring events in specific area. It can enhance

- \cdot Three 1/2.8" 2Megapixel progressive scan Exmor R CMOS
- · Support H.265&H.264 dual encoding
- \cdot Smart triple streams supported
- · Max 25/30fps@4096x832
- · Support 180-degree panoramic view
- · Day/Night(ICR), 3DNR, AWB, AGC, BLC, WDR
- \cdot Smart detection
- Intelligent Function
- · Max. IR LEDs length 30m
- . IP67, IK10,PoE

monitoring efficiency. At the same time, the camera can support face detection, which can quickly capture a face and upload the image to server. In addition, the camera supports intelligent tamper detection, which is to generate warning message via detecting dramatic scene change and to guarantee effective video surveillance.

Smart IR

With IR illumination, detailed images can be captured in low light or total darkness. The camera's Smart IR technology adjusts the intensity of camera's infrared LEDs to compensate the distance of an object. Smart IR technology prevents IR LEDs from whitening out images as they come closer to the camera. The camera's integrated infrared illumination provides high performance in extreme low-light environments up to 30m (98ft).

Protection (IP67, IK10, wide voltage)

Supporting $\pm 25\%$ input voltage tolerance, this camera suits even the most unstable conditions for outdoor applications. Its 6KV lightning rating provides effective protection for both the camera and its structure against lightning.IP67 is supported by the camera, which makes it suitable for both indoor and outdoor environments. IK10 compliance enables the camera to sustain the equivalent of 55 kg (120lbs) force.

Environmental

Standard Dahua camera can function from-30°C to +60°C(-22 °F to +140 °F) with 95% humility, meanwhile some models support heater module optional which allows the camera to function from-40°Cto +60°C (-40 °F to +140 °F).With a temperature range of-40 °C to +60 °C, the camera is designed for extreme temperature environments.

Technical Specification

Camera		
Image Sensor	Three 1/2.8" 2Megapixel Exmor R CMOS	
Effective Pixels	4096(H)x832(V)	
RAM/ROM	1024MB/128MB	
Scanning System	Progressive	
Minimum Illumination	0.007Lux/F1.8(Color), 0Lux/F1.8(IR on)	
S/N Ratio	More than 50dB	
IR Distance	Distance up to 30m(98ft)	
IR On/Off Control	Auto/ Manual	
IR LEDs	8	
Lens		
Lens Type	Fixed	
Mount Type	Board-in	
Focal Length	3.6mm	
Max. Aperture	F1.8	
Angle of View	H: 180°, V:44°	
Optical Zoom	N/A	
Focus Control	Fixed	
Close Focus Distance	N/A	
Close Focus Distance Pan/Tilt/Rotation	N/A
